*\* The packages described above are examples of what your donation could provide to one of the dogs in the program. Please understand that your actual donation will be directed to the immediate needs of the program at the time the money is received.*

Nearly 200 dogs have found their forever homes thanks to the second chances they were given in our Hounds of Prison Education (HOPE) program. Sometimes, a rescued dog needs a little extra help with overcoming fears and learning to trust people, or just learning proper manners and basic commands, and that's where the HOPE program comes in. HOPE dogs come from a variety of area rescue groups, and are paired with carefully screened inmates at the State Correctional Institution at Camp Hill. Following a 6- to 12-week training period, the dogs are ready to be paroled, and that's where YOU come in. Please consider adopting one of these awesome dogs. Check out their prison diaries and more at [www.hopedogs.org](http://www.hopedogs.org).
